

## **BRICS Health Dialogue at Advantage Healthcare India (AHCI) 2026.**

The Federation of Indian Chambers of Commerce & Industry (FICCI) will organize the 8th Edition of Advantage Healthcare India (AHCI) 2026 – Conference and Exhibition from 23 to 25 February 2026, at the India Expo Centre & Mart, Greater Noida (Delhi–NCR), Uttar Pradesh.

Advantage Healthcare India (AHCI) has established itself as Asia’s leading platform on Medical Value Travel, combining a high-level conference, a global healthcare exhibition, and a Reverse Buyer–Seller Meet. The previous edition, held in New Delhi in 2023, attracted participants from over 70 countries, including strong representation from Latin America, and contributed to the expansion of international healthcare partnerships.

The BRICS Health Dialogue will provide a strategic platform for Brazilian policymakers, healthcare providers, hospitals, pharmaceutical companies, medical device manufacturers, insurers, and service providers to engage with counterparts from India and other BRICS countries.

Key discussion areas will include:

- Regulatory cooperation and trade in healthcare products and services
- Medical Value Travel and patient mobility
- Affordable medicines and pharmaceuticals
- Medical devices and health technologies
- Innovation, digital health, and telemedicine
- Traditional medicine systems
- Healthcare workforce development

Brazilian stakeholders are encouraged to participate in the conference and exhibition, explore business partnerships, and engage in B2B meetings under the Reverse Buyer–Seller Meet format. Complimentary hotel accommodation and local logistical support will be extended to invited international speakers and delegates.
