# BRAZILIAN CALENDAR OF EXHIBITIONS AND FAIRS 2017

The Brazilian Calendar of Exhibitions and Fairs is an official publication of the Federal Government published since 1969 and aims at disclosing events from a number of economy sectors, which highlight the multiplicity of our Country's economy.

The Calendar is jointly organized by the Department of Trade and Services Policies (DECOS), the Commerce and Services Office (SCS), the Ministry of Industry, Foreign Trade and Services (MDIC), the Trade Promotion and Investment Department (DPR) and the Ministry of Foreign Affairs (MRE). This partnership began with the creation of the Permanent Inter-Ministerial Working Group, established by Ordinance N°. 5 of January 14, 2008.

The version of the Brazilian Calendar of Exhibitions and Fairs printed in Portuguese, English and Spanish is distributed free of charge throughout Brazil to event organizers, companies, municipalities, chambers of commerce, entities that represent the private sector, government agencies, convention centers, Consulates, Embassies and to any individual or legal entity interested in receiving a copy, as available. Outside Brazil, the Calendar is distributed by the Itamaraty Palace, through the Trade Promotion Sections (SECOM) of Brazilian Embassies and Consulates.

The electronic version, also available in the above languages, is available for free consultation and download through Brazil's Exhibition and Fair System ([www.expoferas.gov.br](http://www.expoferas.gov.br)) and Invest & Export Brasil ([www.investexportbrasil.gov.br](http://www.investexportbrasil.gov.br)). On these websites, any registered events may be consulted through different filters, including "date", "event name", "industry" and/or "venue". You can also obtain contact information of each event's organizers.

This Calendar does not contemplate all companies or entities that promote events, or all events happening in the Country and there might be others at the same level of excellence in their achievement, qualification and reliability. The events listed in this edition have been submitted by their organizers on their own initiative. Therefore, the Federal Government only disseminates the events included in the Calendar and the companies are responsible for holding such business meetings.

Consequently, all information on the events listed here is the sole and exclusive responsibility of the organizing companies and institutions. Additional information may be obtained on the websites of the events and with their organizers. The addresses and phone numbers of each event's organizers are available at the end of this publication and can also be found at [www.expoferas.gov.br](http://www.expoferas.gov.br).

Have a good research!

# INTRODUCTION

The Ministry of Industry, Foreign Trade and Services (MDIC) and the Ministry of Foreign Affairs (MRE) publish the Brazilian Calendar of Exhibitions and Fairs annually to disseminate "business events" held in Brazil.

The business exhibitions, fairs, congresses and other events are "displays" for the products and services produced and/or marketed in the Country. These events are true opportunities for businessmen to get to know the diversity and characteristics of products and services in their field of business.

By providing visibility to producers, suppliers, representatives and distributors, the business events held in the Country enable the construction of relationship networks between companies and foster permanent trade, including foreign trade.

In terms of results, by enabling the direct contact between companies and clients, the business exhibitions, fairs and congresses provide the chance of promptly dealing the products and services displayed. Moreover, by introducing trends and novelties, they help anticipating consumers' desires and the offer of different economy sectors.

Year by year, the different types of fairs and exhibitions in Brazil grow in several segments: fashion, beauty, architecture, engineering, food, agribusiness, clothing, tourism, furniture, sustainable development, education, toys, parties, among others. These events also create job positions in the Country.

For all the reasons presented, the 2017 Brazilian Calendar of Exhibitions and Fairs is a valuable tool to foster and promote business tourism in Brazil.

Good business to all!

# TABLE OF CONTENTS BY SECTOR

## AGRIBUSINESS

• <b>SHOWTEC</b> .....	46
21st Showtec	
• <b>SRC</b> .....	49
29th Coopavel Rural Show	
• <b>EXPO PARANAVAÍ</b> .....	55
46th Fair Exhibition for Cattle and Crop Raising and Industry of Paranavaí	
• <b>EXPODIRETO COTRIJAL</b> .....	55
18th Expodireto Cotrijal	
• <b>EXPO-UMUARAMA</b> .....	55
